

PEDIATRIC AIRWAY AND SLEEP

The Role of the Dentist/Hygienist, in Identifying Children at risk for Sleep Disordered Breathing and in need of Medical Referral and Collaboration.

PROGRAM OVERVIEW

Identifying risk indicators and possible need for collaborative treatment of children with Airway and Sleep disorders is complex. Habitual Mouth Breathing, Sleep Disordered Breathing (as possible contributing factors to behavioral and learning problems) require an interdisciplinary approach. This program will familiarize participants with the pathophysiology and sequelae of habitual mouth-breathing and or other Sleep Disordered Breathing (SDB) traits in children, the role of each Health Care Practitioner (HCP) stakeholder in the collaborative care of these children, and how collaboration with one another can efficiently lead to optimal treatment outcomes.

LEARNING OBJECTIVES

- Specific Orofacial Myofunctional Disorders (OMDs) and referral for verification and possible need for Orofacial Myofunctional Therapy (OMT)
- Tethered Oral Tissues (TOTs) and referral for verification and possible need for surgical release intervention
- Dental-Skeletal malocclusion traits and referral for verification and possible need for orthodontic/dentofacial orthopedic treatment intervention at the earliest feasible age
- Obstructive Adeno-Tonsillar Hypertrophy (ATH) and/or allergies (environmental, food), other respiratory issues and referral for verification and possible need for medication and/or surgical intervention
- Sleep Related Breathing Disorders (SRBDs) and collaborative (with PCP) referral for verification and possible need for overnight Polysomnography (PSG) with a Sleep Medicine Physician

AGENDA

7:45 AM - 8:30 AM Registration & Breakfast
 8:30 AM - 9:00 AM **Welcome & Program Overview** by Dr. Sharma & Dr. Milton Geivelis.
 9:00 AM - 9:45 AM **Cultivating Collaboration in Pediatric Sleep Disordered Breathing** by Dr. Darius Loghmanee
 9:45 AM - 10:30 AM **Toddler/Preschooler Dental-Skeletal Malocclusion: Why It Shouldn't Be Ignored** by Dr. Kevin Boyd
 10:30 AM - 10:45 AM Coffee/Tea Break
 10:45 AM - 11:30 AM **ENT and The Pediatric Airway** by Dr. David Walner
 11:30 AM - 12:00 PM **Panel Discussion & Q&A**
 12:00 PM - 12:45 PM Lunch
 12:45 PM - 1:30 PM **Functional Diagnostics & Timing of Treatment: Role of OMT in Comprehensive Care** by Jodi Walker
 1:30 PM - 2:15 PM **Tethered Oral Tissues: Tongue/Lip/Buccal Tie Evaluation & Treatment** by Dr. Milton Geivelis
 2:15 PM - 2:30 PM Coffee/Tea Break
 2:30 PM - 3:15 PM **Collaborative Care for Optimal Treatment Outcomes** by Dr. Milton Geivelis
 3:15 PM - 4:00 PM **Starting in the Hygiene Chair: Airway/Sleep Evaluation from Infants to Older Children** by Shirley Gutkowski
 4:00 PM - 4:30 PM **Panel Discussion & Q&A**

SPEAKERS

Milton Geivelis
DDS, MS

Kevin Boyd
DDS, MSc

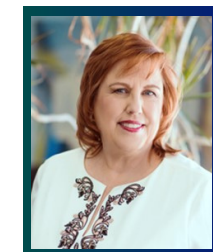

David L. Walner
MD

Darius A. Loghmanee
MD, FAAP

Jodi Walker
MA, CCC-SLP, COM

Shirley Gutkowski
RDH, BSDH

EVENT DETAILS

DATE & TIME

May 09, 2025
 8:30 AM - 5:00 PM CST
 Registration - 7.45 am

CEU Credits:

8 CEUS
 Subject Code:
 160 - Orofacial Pain

Cancellation:

A full refund, minus a \$50 non-refundable deposit per registrant is available with written notice received by May 1st, 2025. No refund after May 1st, 2025.

LOCATION

Patterson Dental Branch
 1226 N Michael Drive
 Wood Dale
 IL 60191

COST

Dentist: \$499
 RDH: \$399
 DA & AUX: \$399
 Includes continental breakfast, coffee, lunch, desserts and course materials.
